Dear Students,

The Office of Campus Safety will conduct a test of the ND Alert emergency notification system at 12:30 p.m., Tuesday, Feb. 16. This system engages email, telephone, cell phone and text messaging as well as indoor and outdoor speakers and digital sign boards on campus to inform the Notre Dame campus community about an emergency situation.

In order to receive safety information in an emergency, the University needs your up-to-date contact information. At the beginning of each semester, you have the opportunity to update your contact information during ND Roll Call. At any other time during the semester, you may email new contact information to the Registrar's Office.

If you're on campus during the test and cannot hear the public address, please let us know by using the following link ntrda.me/ndalert-issues or by contacting Campus Safety at (574) 631-9007 or safety@nd.edu by Wednesday, Feb. 17.

If you have any questions, please contact Campus Safety at the above email address and phone number. Click for a list of ND Alert FAQs.

Yours in Notre Dame,

Mike Seamon
Vice President, Campus Safety & University Operations

Tracy Skibins
Senior Director, Emergency Management
