What and When was the Christmas Star?

Followed by:
A special video presentation of
"A Season of Lights"
by Lockness productions

An astrophysics perspective
presented by:

Comet 2001-Q4 (NEAT)/Kitt Peak

Was it a comet, a nova, a super-nova or a planet alignment?

Who were the "wise men from the East"?

Professor Grant Mathews will review the many astronomical postulates and describe the evidence and possible answers to the nature and time of of this special event.

Professor Grant Mathews

Saturday, December 14 at 7:00 PM
Sunday, December 15 at 3:00 pm
Room 100 Jordan Hall of Science - Digital Visualization Theater

Sponsored by the Notre Dame Dept. of Physics and Astronomy and the Center for Astrophysics
